

# Mendham Township Middle School (27-3100-060)

County: Morris

District: Mendham Township School District

16 Washington Valley Road  
Brookside, NJ 07926

**319**  
Total Students

**05-08**  
Grades Offered

2020-2021

Principal: Dr. Patrick Ciccone

[School Website](#)

973-543-7107

## Overview & Resources

The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) commitment to providing parents, students, and school communities with a large variety of information about each school and district. These reports can be used as a tool to help evaluate whether all students have equitable access to high quality education. We encourage you to use these reports to:

- **Learn more** about the school and the district
- **Start conversations** with school community members and ask questions
- **Engage** with school communities to identify where schools are doing well and where they can improve

**Important Notes for 2020-2021:** The ongoing COVID-19 pandemic has continued to have a significant impact on the way the NJDOE was able to measure school performance and student achievement for both the 2019-2020 and 2020-2021 School Performance Reports. While some data that was missing in 2019-2020 will be available again for 2020-2021 (e.g. chronic absenteeism data), other data continues to remain unavailable or look different from prior years.

The NJDOE recognizes that our existing data can't begin to measure the hard work and perseverance of the students, families, educators and community members during the past two years. While some data may be missing, the NJDOE emphasizes how important it is to use the available data in the reports, along with other information collected directly within districts and communities, to start conversations, identify gaps in information, and begin to find ways to address the impacts of COVID-19 and ensure all students receive the support that they need.

The 2020-2021 School Performance Reports will not include the following data elements:

- Statewide assessment participation and performance for the New Jersey Student Learning Assessment (NJSLA)
  - Dynamic Learning Maps (DLM) and ACCESS for ELLs data will be included in the 2020-2021 reports
  - Links will be provided to the results of the Fall 2021 Start Strong Assessments
- Student growth data
- Progress toward English language proficiency
- ESSA summative ratings or indicator scores
- Status in meeting annual targets or standards for Every Student Succeeds Act (ESSA) accountability indicators

An updated "[Impact of COVID-19 on Data Availability](#)" resource summarizes which data is available, which data is not available, and which data may have been impacted. Notes are included throughout the School Performance Reports and the Reference Guide to explain where data is missing or impacted by COVID-19. Look for "Important Note for 2020-2021" sections.

**School Performance Report Resources:**The NJDOE has several resource documents that can help you understand and use the School Performance Reports, which can also be found under the "Resource Documents" link at the top of the page:

- [Impact of COVID-19 on Data Availability](#)
- One-page guides to help start conversations for [administrators](#), [educators](#), [elementary](#), and [middle and high school families](#)
- [Reference Guide](#) with details on all the data in these reports
- [Frequently Asked Questions](#)
- [Understanding Adjusted Cohort Graduation Rates](#)
- [Understanding Student Growth Percentiles](#)
- [Data Privacy Rules](#) (why you see \*'s and N's in the reports)

Let the NJDOE know how we can improve future reports by taking our [feedback survey](#). Contact [reportcard@doe.nj.gov](mailto:reportcard@doe.nj.gov) with any questions about the reports.

## Overview & Resources

### School Contact Information

This table contains contact information including principal name, address, phone number, email address, and social media information, if provided.

Type	Contact Information
County	Morris
District	Mendham Township School District
Principal Name	Dr. Patrick Ciccone
Address	16 Washington Valley Road, Brookside, NJ 07926
Phone Number	<a href="tel:973-543-7107">973-543-7107</a>
Email Address	<a href="mailto:pciccone@mendhamtp.org">pciccone@mendhamtp.org</a>

## Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students that attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

### Enrollment Trends by Grade

This table shows the number of students enrolled by grade for the past three school years. Any students enrolled outside of the grades offered will be included in the total enrollment.

Grade	2018-19	2019-20	2020-21
5	73	82	63
6	85	74	90
7	79	87	79
8	77	83	87
<b>Total</b>	<b>314</b>	<b>326</b>	<b>319</b>

### Enrollment Trends by Student Group

This table shows the percentage of students by student group for the past three school years. Note that 2019-20 is the first year that data was collected for non-binary/undesigned gender and, as a result, the 2019-20 and 2020-21 data may not be a true representation of the student population. Additionally, to protect student privacy, gender percentages for 2019-20 are rounded to the nearest 0.5 and percentages for 2020-21 may show a range, depending on the overall school population size.

Student Group	2018-19	2019-20	2020-21
Female	45.5%	46.0%	44.0%
Male	54.5%	54.0%	56.0%
Non-Binary/Undesignated Gender		<1%	≤1%
Economically Disadvantaged Students	0.0%	0.0%	0.0%
Students with Disabilities	17.8%	16.9%	15.0%
English Learners	0.0%	0.0%	0.0%
Homeless Students	0.0%	0.0%	0.0%
Students in Foster Care	0.0%	0.0%	0.0%
Military-Connected Students	0.0%	0.0%	0.0%
Migrant Students	0.0%	0.0%	0.0%

### Enrollment by Racial and Ethnic Group

This table shows the percentage of students by racial and ethnic group for the past three school years.

Racial And Ethnic Group	2018-19	2019-20	2020-21
White	83.1%	84.0%	83.1%
Hispanic	2.2%	2.1%	2.8%
Black or African American	4.1%	3.7%	4.1%
Asian	7.0%	7.1%	6.0%
Native Hawaiian or Pacific Islander	0.0%	0.0%	0.0%
American Indian or Alaska Native	0.0%	0.0%	0.3%
Two Or More Races	3.5%	3.1%	3.8%

## Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students that attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

### Enrollment by Home Language

This table shows the percentage of students by primary home language. Only the top 5 languages with at least 1% of students are shown, and students with other home languages are included in the Other Languages total. To see this data in a table, click the Table View option below the chart.

## Student Growth

Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels:

**Low Growth:** Less than 35

**Typical Growth:** Between 35 and 65

**High Growth:** Greater than 65

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

**Important note for 2020-21:** Due to the cancellation of statewide assessments as a result of the COVID-19 pandemic in both 2019-20 and 2020-21, student growth percentile were not calculated and will not be reported for either the 2019-20 or 2020-21 school years. Tables showing 2020-21 median student growth percentiles and other measures of student growth will not be included in this report.

### Student Growth Trends and Progress

These graphs illustrate trends in student growth over the last three years. Student growth is measured by median student growth percentile. The table below shows how student growth over the last three years compares to the state standard of 40-59.5 and to the statewide median.

**Important note for 2020-21:** Due to the cancellation of statewide assessments as a result of the COVID-19 pandemic in both 2019-20 and 2020-21, student growth percentiles were not calculated and will not be reported for the 2019-20 and 2020-21 school years.

**ELA Median Student Growth Percentile**

**Math Median Student Growth Percentile**

Performance Measure	2018-19 ELA	2019-20 ELA	2020-21 ELA	2018-19 Math	2019-20 Math	2020-21 Math
Median Student Growth Percentile	69.5			69		
Met Standard (40-59.5)?	Exceeds Standard			Exceeds Standard		
Statewide: Median Student Growth Percentile	50			50		

## Academic Achievement

**Important note for 2020-21:** Due to the cancellation of statewide assessments in 2019-20 and 2020-21 and federal waivers as a result of the COVID-19 pandemic, statewide assessment results for the New Jersey Student Learning Assessments (NJSLA) and related accountability measures are not available and will not be reported for the 2019-20 and 2020-21 school years. Tables showing 2020-21 NJSLA results and related accountability measures will not be included in this report.

The Dynamic Learning Maps (DLM) and ACCESS for ELLs assessments were administered in spring 2021 and results will be included for the 2020-21 school year. These two assessments were administered in-person only, not remotely, so participation rates for these assessments may have been lower than in previous years. As a result, the NJDOE recommends using caution in comparing results for 2020-21 to prior or future years.

The fall 2021 administration of the Start Strong assessment was used to satisfy the federal statewide assessment requirement to administer general assessments in ELA, mathematics, and science for the 2020-21 school year. As a result, the fall 2021 Start Strong results will be used to meet ESSA reporting requirements for the 2020-2021 school year. Results of the fall 2021 Start Strong results are available on the [NJDOE website](#). Please note that these results are aligned to reporting requirements for the 2020-2021 school year, so results only include students that were enrolled during the 2020-21 school year and the school/district, grade level, and student group status in that file represent the student's enrollment as of June 2021, not as of fall 2021. Other reports on Start Strong results that reflect all students testing as of Fall 2021 are available on the [NJDOE Assessment webpage](#).

### English Language Arts and Mathematics Performance Trends

These graphs show trends in the Proficiency Rate for Federal Accountability over the last three years. The data includes the results of students taking both the New Jersey Student Learning Assessment (NJSLA) and the DLM alternate assessment. The Proficiency Rate for Federal Accountability measures is the percentage of students that met or exceeded expectations on the assessments (NJSLA or DLM) with an adjustment made if the participation rate is below 95% to ensure reporting on at least 95% of students. NJSLA results for 2018-19 include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. The table below provides participation rates, proficiency rates, annual targets and status in meeting the targets, and statewide proficiency rates.

**Important note for 2020-21:** Due to the cancellation of statewide assessments in 2019-20 and 2020-21 and federal waivers as a result of the COVID-19 pandemic, statewide assessment results are not available for the 2019-20 and 2020-21 school years.

**ELA Proficiency Rate for Federal Accountability**

**Math Proficiency Rate for Federal Accountability**

Performance Measure	2018-19 ELA	2019-20 ELA	2020-21 ELA	2018-19 Math	2019-20 Math	2020-21 Math
Participation Rate	99.4%			99.4%		
Proficiency Rate for Federal Accountability	96.5%			91.5%		
Annual Target	80.0%			80.0%		
Met Annual Target?	Met Goal			Met Goal		
Statewide Proficiency Rate for Federal Accountability	57.9%			44.5%		

† Target was met within a confidence interval.

## Academic Achievement

**Important note for 2020-21:** Due to the cancellation of statewide assessments in 2019-20 and 2020-21 and federal waivers as a result of the COVID-19 pandemic, statewide assessment results for the New Jersey Student Learning Assessments (NJSLA) and related accountability measures are not available and will not be reported for the 2019-20 and 2020-21 school years. Tables showing 2020-21 NJSLA results and related accountability measures will not be included in this report.

The Dynamic Learning Maps (DLM) and ACCESS for ELLs assessments were administered in spring 2021 and results will be included for the 2020-21 school year. These two assessments were administered in-person only, not remotely, so participation rates for these assessments may have been lower than in previous years. As a result, the NJDOE recommends using caution in comparing results for 2020-21 to prior or future years.

The fall 2021 administration of the Start Strong assessment was used to satisfy the federal statewide assessment requirement to administer general assessments in ELA, mathematics, and science for the 2020-21 school year. As a result, the fall 2021 Start Strong results will be used to meet ESSA reporting requirements for the 2020-2021 school year. Results of the fall 2021 Start Strong results are available on the [NJDOE website](#). Please note that these results are aligned to reporting requirements for the 2020-2021 school year, so results only include students that were enrolled during the 2020-21 school year and the school/district, grade level, and student group status in that file represent the student's enrollment as of June 2021, not as of fall 2021. Other reports on Start Strong results that reflect all students testing as of Fall 2021 are available on the [NJDOE Assessment webpage](#).

### English Language Arts Assessment - Performance Trends

This graph shows the percentage of students who met or exceeded expectations on each grade level exam on the New Jersey Student Learning Assessment (NJSLA) for English Language Arts (ELA) for the past three years.

**Important note for 2020-21:** Due to the cancellation of statewide assessments in 2019-20 and 2020-21 and federal waivers as a result of the COVID-19 pandemic, statewide assessment results are not available for the 2019-20 and 2020-21 school years.

## Academic Achievement

**Important note for 2020-21:** Due to the cancellation of statewide assessments in 2019-20 and 2020-21 and federal waivers as a result of the COVID-19 pandemic, statewide assessment results for the New Jersey Student Learning Assessments (NJSLA) and related accountability measures are not available and will not be reported for the 2019-20 and 2020-21 school years. Tables showing 2020-21 NJSLA results and related accountability measures will not be included in this report.

The Dynamic Learning Maps (DLM) and ACCESS for ELLs assessments were administered in spring 2021 and results will be included for the 2020-21 school year. These two assessments were administered in-person only, not remotely, so participation rates for these assessments may have been lower than in previous years. As a result, the NJDOE recommends using caution in comparing results for 2020-21 to prior or future years.

The fall 2021 administration of the Start Strong assessment was used to satisfy the federal statewide assessment requirement to administer general assessments in ELA, mathematics, and science for the 2020-21 school year. As a result, the fall 2021 Start Strong results will be used to meet ESSA reporting requirements for the 2020-2021 school year. Results of the fall 2021 Start Strong results are available on the [NJDOE website](#). Please note that these results are aligned to reporting requirements for the 2020-2021 school year, so results only include students that were enrolled during the 2020-21 school year and the school/district, grade level, and student group status in that file represent the student's enrollment as of June 2021, not as of fall 2021. Other reports on Start Strong results that reflect all students testing as of Fall 2021 are available on the [NJDOE Assessment webpage](#).

### Mathematics Assessment – Performance Trends

This graph shows the percentage of students who met or exceeded expectations on each grade level or end-of-course exam on the New Jersey Student Learning Assessment (NJSLA) for Mathematics for the past three years.

**Important note for 2020-21:** Due to the cancellation of statewide assessments in 2019-20 and 2020-21 and federal waivers as a result of the COVID-19 pandemic, statewide assessment results are not available for the 2019-20 and 2020-21 school years.

† Grade level results do not include students who took the Algebra I, Geometry, or Algebra II end of course tests.

## Academic Achievement

**Important note for 2020-21:** Due to the cancellation of statewide assessments in 2019-20 and 2020-21 and federal waivers as a result of the COVID-19 pandemic, statewide assessment results for the New Jersey Student Learning Assessments (NJSLA) and related accountability measures are not available and will not be reported for the 2019-20 and 2020-21 school years. Tables showing 2020-21 NJSLA results and related accountability measures will not be included in this report.

The Dynamic Learning Maps (DLM) and ACCESS for ELLs assessments were administered in spring 2021 and results will be included for the 2020-21 school year. These two assessments were administered in-person only, not remotely, so participation rates for these assessments may have been lower than in previous years. As a result, the NJDOE recommends using caution in comparing results for 2020-21 to prior or future years.

The fall 2021 administration of the Start Strong assessment was used to satisfy the federal statewide assessment requirement to administer general assessments in ELA, mathematics, and science for the 2020-21 school year. As a result, the fall 2021 Start Strong results will be used to meet ESSA reporting requirements for the 2020-2021 school year. Results of the fall 2021 Start Strong results are available on the [NJDOE website](#). Please note that these results are aligned to reporting requirements for the 2020-2021 school year, so results only include students that were enrolled during the 2020-21 school year and the school/district, grade level, and student group status in that file represent the student's enrollment as of June 2021, not as of fall 2021. Other reports on Start Strong results that reflect all students testing as of Fall 2021 are available on the [NJDOE Assessment webpage](#).

### DLM Alternate Assessment - Participation

This table shows the number of students taking the Dynamic Learning Maps (DLM) alternate assessment, which tests academic progress in English Language Arts (ELA) and Mathematics for students with the most significant intellectual disabilities.

**Important note for 2020-21:** The Dynamic Learning Maps (DLM) assessment was administered in spring 2021 in-person only, not remotely, and participation rates may have been lower than in previous years. As a result, the NJDOE recommends using caution in comparing results for 2020-21 to prior or future years.

Grade	ELA: # Students Tested	Math: # Students Tested
5	N	N
6	N	N
7	*	*
8	N	N

## Academic Achievement

**Important note for 2020-21:** Due to the cancellation of statewide assessments in 2019-20 and 2020-21 and federal waivers as a result of the COVID-19 pandemic, statewide assessment results for the New Jersey Student Learning Assessments (NJSLA) and related accountability measures are not available and will not be reported for the 2019-20 and 2020-21 school years. Tables showing 2020-21 NJSLA results and related accountability measures will not be included in this report.

The Dynamic Learning Maps (DLM) and ACCESS for ELLs assessments were administered in spring 2021 and results will be included for the 2020-21 school year. These two assessments were administered in-person only, not remotely, so participation rates for these assessments may have been lower than in previous years. As a result, the NJDOE recommends using caution in comparing results for 2020-21 to prior or future years.

As a result, the fall 2021 Start Strong results will be used to meet ESSA reporting requirements for the 2020-2021 school year. Results of the fall 2021 Start Strong results are available on the [NJDOE website](#). Please note that these results are aligned to reporting requirements for the 2020-2021 school year, so results only include students that were enrolled during the 2020-21 school year and the school/district, grade level, and student group status in that file represent the student's enrollment as of June 2021, not as of fall 2021. Other reports on Start Strong results that reflect all students testing as of Fall 2021 are available on the [NJDOE Assessment webpage](#).

### English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

**Important note for 2020-21:** Due to the cancellation of the ACCESS for ELLs assessment in 2019-20 and federal waivers as a result of the COVID-19 pandemic, English Language Progress to Proficiency is not available for 2020-21.

### English Language Proficiency Test - Participation and Performance

This table shows, by years in district, the number of English learner students taking the ACCESS for ELLs 2.0 Assessment for English language proficiency and the percentage of students tested that received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

**Important note for 2020-21:** The ACCESS for ELLs assessment was administered in spring 2021 in-person only, not remotely, and participation rates may have been lower than in previous years. As a result, the NJDOE recommends using caution in comparing results for 2020-21 to prior or future years.

Years in District	# Students Tested	% Students with Overall Score Below 4.5	% Students with Overall Score 4.5 or Above
0-2	N	N	N
3-4	N	N	N
5 or more	N	N	N

## Academic Achievement

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grades 5, 8, and 11 will take the NJSLA-Science assessment. Students receive a score of Level 1, 2, 3, or 4 where levels 3 and 4 represent proficiency. Visit the [NJSLA-Science website](#) for more information about NJSLA-S. These results do not include students that took the Dynamic Learning Maps (DLM) Science assessment. Visit the [assessment reports page](#) for DLM results.

**Important note for 2020-21:** Due to the cancellation of statewide assessments in 2019-20 and 2020-21 and federal waivers as a result of the COVID-19 pandemic, statewide assessment results are not available for the 2019-20 and 2020-21 school years. Tables showing 2020-21 NJSLA Science assessment results will not be included in this report.

### NJSLA Science Assessment: Grade 5 Summary

This table shows how students performed on the NJSLA Science assessment. Students scoring at Level 3 or 4 are considered proficient.

**Important note for 2020-21:** Due to the cancellation of statewide assessments in 2019-20 and 2020-21 and federal waivers as a result of the COVID-19 pandemic, statewide assessment results for NJSLA Science are not available for the 2019-20 and 2020-21 school years.

### NJSLA Science Assessment: Grade 8 Summary

This table shows how students performed on the NJSLA Science assessment. Students scoring at Level 3 or 4 are considered proficient.

**Important note for 2020-21:** Due to the cancellation of statewide assessments in 2019-20 and 2020-21 and federal waivers as a result of the COVID-19 pandemic, statewide assessment results for NJSLA Science are not available for the 2019-20 and 2020-21 school years.

## College and Career Readiness

Information about [New Jersey Student Learning Standards](#) can be found on the NJDOE website.

### Mathematics - Course Participation

This table shows the number of students who were enrolled in Mathematics courses by grade and subject area. Students are counted more than once if they were enrolled in courses across multiple subject areas.

Grade	Algebra I	Geometry	Other Math
6	1	0	89
7	6	0	73
8	42	4	41
Total	49	4	203

## College and Career Readiness

Information about [New Jersey Student Learning Standards](#) can be found on the NJDOE website.

### World Languages - Course Participation

This table shows the number of students who were enrolled in World Languages courses by grade and language. Students are counted more than once if they were enrolled in courses across multiple languages.

Grade	Spanish	French	Italian	Latin	German	Chinese	Other Languages
6	90	0	0	0	0	0	0
7	79	0	0	0	0	0	0
8	87	0	0	0	0	0	0
<b>Total</b>	256	0	0	0	0	0	0

## College and Career Readiness

Information about [New Jersey Student Learning Standards](#) can be found on the NJDOE website.

### Computer Science and Information Technology – Course Participation

This table shows the number of students who were enrolled in Computer Science and Information Technology (IT) courses by grade and subject area. Students are counted more than once if they were enrolled in courses across multiple subject areas. The last two rows show the number of students enrolled in Advanced Placement (AP) or International Baccalaureate (IB) courses and Dual Enrollment courses by subject area. Subject areas where AP/IB courses are not offered are grayed out.

Grade	Computer Programming	Principles of Computer Science	Computing Systems	Other Computer Science	Networking	Information Systems	Other IT
6	N	N	N	N	N	N	N
7	N	N	N	N	N	N	N
8	N	N	N	N	N	N	N
Total	0	0	0	0	0	0	0

**College and Career Readiness**

**Visual and Performing Arts – Course Participation**

The first set of graphs below show the percentages of students who were enrolled in any Visual and Performing Arts classes during the school year. The second set of charts show the percentage of students enrolled in at least one course within each of the four arts disciplines during the school year.

**Grades 6-8: Students enrolled in one or more visual and performing arts classes**

## College and Career Readiness

### Visual and Performing Arts – Course Participation

The first set of graphs below show the percentages of students who were enrolled in any Visual and Performing Arts classes during the school year. The second set of charts show the percentage of students enrolled in at least one course within each of the four arts disciplines during the school year.

Students enrolled in one or more classes by discipline:

#### Music

#### Dance

#### Drama

#### Visual Arts

**Report Key:**

- \* Data is not displayed in order to protect student privacy
- \*\* Accountability calculations require 20 or more students
- N** No Data is available to display
- † This indicates a table specific note, see note below table

## Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

**Important note for 2020-21:** The absenteeism data for the 2020-21 school year reflects both in-person and remote instruction. Districts were able to employ multiple ways to determine whether a student in a remote learning environment was present or absent, including check-ins through internet or telephone, logging in to online learning platforms, or monitoring student submission of assignments. Because the number of days students spent in in-person and remote learning environments during the school year differed, the NJDOE recommends caution in comparing chronic absenteeism rates between schools and districts and comparing 2020-21 data to prior or future school years.

### Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year.

**Important Note for 2020-21:** NJDOE received federal waivers which removed the requirement to report on status in meeting annual ESSA targets for 2019-20 and 2020-21. As a result, state averages and status in meeting the state average are not reported for the 2020-21 school year.

## Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

**Important note for 2020-21:** The absenteeism data for the 2020-21 school year reflects both in-person and remote instruction. Districts were able to employ multiple ways to determine whether a student in a remote learning environment was present or absent, including check-ins through internet or telephone, logging in to online learning platforms, or monitoring student submission of assignments. Because the number of days students spent in in-person and remote learning environments during the school year differed, the NJDOE recommends caution in comparing chronic absenteeism rates between schools and districts and comparing 2020-21 data to prior or future school years.

### Days Absent

This graph shows the percentage of K-12 students by the number of days they were absent during the school year.

## Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

**Important note for 2020-21:** The absenteeism data for the 2020-21 school year reflects both in-person and remote instruction. Districts were able to employ multiple ways to determine whether a student in a remote learning environment was present or absent, including check-ins through internet or telephone, logging in to online learning platforms, or monitoring student submission of assignments. Because the number of days students spent in in-person and remote learning environments during the school year differed, the NJDOE recommends caution in comparing chronic absenteeism rates between schools and districts and comparing 2020-21 data to prior or future school years.

### Chronic Absenteeism by Grade

This graph shows the percentage of students by grade level who were chronically absent during the school year.

**Important note for 2020-21:** Because the number of days that students spent in in-person and remote learning environments during the school year differed, state level comparisons are not included in the graph for 2020-21.

## Climate and Environment

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), starting in 2017-18, which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. Comparing current data to data from 2016-17 and earlier could lead to inaccurate conclusions in many reporting categories. In addition to the 2018-19 data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

**Important note for 2020-21:** Due to the COVID-19 pandemic, discipline data for the 2020-21 school year may not be comparable to prior or future school years and NJDOE recommends caution in making comparisons.

### Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	0
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	1
<b>Total Unique Incidents</b>	<b>1</b>
Incidents Per 100 Students Enrolled	0.31

### Police Notifications

This table shows, by incident type, the number of cases where an incident led to police notification.

Incident Type	Incidents Reported to Police
Violence	0
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	0
Other Incidents Leading to Removal	0

**Report Key:**

- \* Data is not displayed in order to protect student privacy
- \*\* Accountability calculations require 20 or more students
- N No Data is available to display
- † This indicates a table specific note, see note below table

## Climate and Environment

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), starting in 2017-18, which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. Comparing current data to data from 2016-17 and earlier could lead to inaccurate conclusions in many reporting categories. In addition to the 2018-19 data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

**Important note for 2020-21:** Due to the COVID-19 pandemic, discipline data for the 2020-21 school year may not be comparable to prior or future school years and NJDOE recommends caution in making comparisons.

### Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bullying (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	0	1	1
Religion	0	0	0
Ancestry	0	0	0
Gender	0	0	0
Sexual Orientation	0	0	0
Disability	0	0	0
Other	0	0	0
No Identified Nature	0		0

### Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

Removal Type	Number of Students	Percent of Students
In-School Suspensions	*	*
Out-of-School Suspensions	*	*
Any Suspension	*	*
Removal to other education program	0	0.0%
Expulsion	0	0.0%
Arrest	0	0.0%

#### School Days Missed due to Out-of-School Suspensions

\*

**Report Key:**

- \* Data is not displayed in order to protect student privacy
- \*\* Accountability calculations require 20 or more students
- N** No Data is available to display
- † This indicates a table specific note, see note below table

## Climate and Environment

### School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

**Important note for 2020-21:** The start and end times in this table may reflect standard hours for in-person instruction. These hours may have been adjusted due to remote or hybrid instruction schedules.

Category	School
Typical Start Time	8:05 AM
Typical End Time	2:50 PM
Length of School Day	6 Hrs. 45 Mins.
Full Time - Instructional Time	6 Hrs. 4 Mins.
Shared Time - Instructional Time	N

### Device Ratios

This table shows the student to device ratio, which is the number of students in grades PK-12 per device, including devices designated for instruction, testing, and remote learning. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for online testing and digital learning in grades PreK through 12. This information comes from the elective NJTRAx survey and reflects data submitted as of October 2021, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low student to device ratio due to this policy decision.

School Year	Student to Device Ratio
2020-2021	1:1

### Student Access to Technology and Internet

In response to the COVID-19 pandemic, the NJDOE began collecting information on student device types, device owners, and internet connectivity during the 2020-2021 school year. [Additional reports about student access to technology and internet connectivity](#), as of the end of the 2020-2021 school year can be found on the NJDOE website.

## Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

**Key terms for staff data:**

**Teachers:** All classroom teachers

**Administrators:** Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

**Experience:** Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

**Out-of-Field:** A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

### Teachers – Experience

This table shows information about the experience of teachers assigned to this school and across the state. No teachers in New Jersey are teaching under emergency or provisional credentials as defined the United States Department of Education. The number of out-of-field teachers is the number of teachers who are potentially teaching outside of their area of certification.

Category	Teachers in School	Teachers in State
Total Number of teachers	42	118,311
Average years experience in public schools	12.8	12.5
Average years experience in district	10.7	11.2
Percentage of Teachers with 4 or more years experience in the district	61.9%	76.5%
Number of out-of-field teachers	1	2,724

### Administrators – Experience (District Level)

This table shows information about the experience of administrators assigned to this district and across the state.

Category	Admin. in District	Admin. in State
Total Number of administrators	5	9,580
Average years experience in public schools	21.4	16.6
Average years experience in district	8.6	12.7
Percentage of Administrators with 4 or more years experience in the district	80.0%	79.3%

### Staff Counts

This table shows the number of staff members assigned to the school, district, and state across several staff categories. The staff counts in this table reflect data submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Additionally, some staff members may be assigned to the district only, but work in multiple schools in the district. In these cases, the table may show 0 staff members assigned to the school, even though there are district staff members working in the school.

Staff Category	School: Total Staff Members	District: Total Staff Members	State: Total Staff Members
Teachers	42	75	118,311
Administrators	2	5	9,580
Librarians/Media	1	2	1,215
Specialists			
Nurses	1	2	2,670
School Counselors	1	2	4,039
Child Study Team Members	1	3	5,893

## Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

**Key terms for staff data:**

**Teachers:** All classroom teachers

**Administrators:** Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

**Experience:** Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

**Out-of-Field:** A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

### Student and Staff Ratios

This table shows ratios of students and staff members in the school and district. The ratios are based on data submitted by districts to NJ SMART and are not based on staff full-time equivalent (FTE).

Ratio	School Ratio	District Ratio
Students to Teachers	8:1	10:1
Students to Administrators	160:1	152:1
Teachers to Administrators	21:1	15:1
Students to Librarians/Media Specialists †	319:1	380:1
Students to Nurses †	319:1	380:1
Students to Counselors †	319:1	380:1
Students to Child Study Team Members †,††	48:1	43:1

† In some districts, staff members in these roles who work in multiple schools may be assigned only to the district and not to individual schools. As a result, a School Ratio may show N, but there may be district assigned staff working in the school

†† Child Study Team members include school psychologists, school social workers, and learning disabilities teacher consultants also note that for the ratio compares Students with Disabilities instead of all students.

### Teachers and Administrators – Demographics

This table compares the percentage of students, teachers, and administrators by gender and by racial and ethnic group. Note that 2019-20 is the first year that data was collected for non-binary/undesignated gender and, as a result, the 2019-20 and 2020-21 data may not be a true representation of the student or staff population. Additionally, to protect student privacy, gender percentages for 2019-20 are rounded to the nearest 0.5 and percentages for 2020-21 may show a range, depending on the overall school population size.

Category	Students in School	Teachers in School	Administrators in School	Students in State	Teachers in State	Administrators in State
Female	44.0%	70-80%	*	49.0%	77.0%	56.0%
Male	56.0%	20-30%	*	51.0%	23.0%	44.0%
Non-Binary/Undesignated Gender	≤1%	≤10%	*	≤1%	≤1%	≤1%
White	83.1%	88.1%	100.0%	40.5%	82.9%	76.8%
Hispanic	2.8%	7.1%	0.0%	31.2%	7.8%	7.6%
Black or African American	4.1%	4.8%	0.0%	15.0%	6.5%	14.0%
Asian	6.0%	0.0%	0.0%	10.4%	2.2%	1.2%
American Indian or Alaska Native	0.3%	0.0%	0.0%	0.2%	0.2%	0.1%
Native Hawaiian or Pacific Islander	0.0%	0.0%	0.0%	0.2%	0.1%	0.1%
Two or More Races	3.8%	0.0%	0.0%	2.6%	0.2%	0.2%

## Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

**Key terms for staff data:**

**Teachers:** All classroom teachers

**Administrators:** Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

**Experience:** Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

**Out-of-Field:** A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

### Teachers and Administrators - Level of Education

This chart shows the highest level of education attained by teachers and administrators. The Bachelor's degree category may include other degrees/certificates such as a Specialist's degree. Administrators are required to have a Master's degree or higher.

### Teachers and Administrators - One-Year Retention (District Level)

This table shows the percentage of teachers and administrators assigned to this district in 2019-20 that were still assigned to this district in 2020-21. Staff who were not retained may have changed districts or no longer work for the state (including retirements).

Job Type	District	State
2019-20 Teachers: Same district 2020-21	89.6%	91.5%
2019-20 Administrators: Same district 2020-21	100.0%	89.7%

## Per-Pupil Expenditures

### Per-Pupil Expenditures by Source

The link below produces a spreadsheet listing all school-level summaries of the most recently available expenses for regular and special education students taught at schools by district across the state. The amounts shown include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities.

For more information regarding this spreadsheet please refer to the guidance for school level reporting, which is available on the [NJDOE webpage ESSA School Level Reporting Information](#). More in-depth information about district and charter school spending can be found in the [User Friendly Budget](#) and the [Comprehensive Annual Financial Report \(CAFR\) and Auditor Management Reports \(AMRs\)](#).

*Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.*

[Link to District Summary of 2020-21 School-Level Per Pupil Expenditures by Source](#)

An option to [download all school-level summaries by district](#) in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

Mendham Twp	Federal	State & Local	Total	ADE**
School Level Expenditures Not Assigned to a School		\$5,196	\$5,196	755.9
District Level Central Expenditures		\$2,630	\$2,630	755.9
Mendham Township Elementary School	\$442	\$9,509	\$9,951	440.8
Mendham Township Middle School	\$88	\$15,451	\$15,539	315.1

**Report Key:**

- \* Data is not displayed in order to protect student privacy
- \*\* Accountability calculations require 20 or more students
- N No Data is available to display
- † This indicates a table specific note, see note below table

## Accountability

**New Jersey's Every Student Succeeds Act (ESSA) Accountability System** New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). Based on New Jersey's [approved ESSA state plan](#), NJDOE will identify schools in the following four federal categories every three years:

- **Comprehensive Support and Improvement (CSI): Overall Low Performing:**
  - Schools with a summative score in the bottom 5% of Title I schools.
- **Comprehensive Support and Improvement (CSI): Low Graduation Rate:**
  - High schools with a four-year graduation rate of 67% or less
- **Additional Targeted Support and Improvement: Low Performing Student Group (ATSI):**
  - Schools with one or more student group with a summative score that would be in the bottom 5% of Title I schools
- **Comprehensive Support and Improvement (CSI): Chronically Low Performing:**
  - Title I schools identified as Additional Targeted Support and Improvement; Low Performing Student Group (ATSI) that are identified for three or more consecutive years, i.e. ATSI schools that do not meet exit criteria.
  - The NJDOE has not yet identified schools in this category as no ATSI schools have been in status for three or more years.

Annually, NJDOE will identify schools in the following federal category:

- **Targeted Support and Improvement: Consistently Underperforming Student Group (TSI):**
  - Schools with one or more student groups that missed annual targets or standards for all indicators for two years in a row

For purposes of ESSA accountability, only schools and student groups with data for 20 or more students are included in calculations.

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, how federal accountability status is determined, and [statewide progress toward long-term goals](#), see these [accountability resources](#).

**Important Note for 2020-2021:** Due to the COVID-19 pandemic, New Jersey received waivers from the United States Department of Education (USED) in both [March 2020](#) and [March 2021](#) that waived accountability-related requirements in the Elementary and Secondary Education Act (ESEA) for the 2019-2020 and 2020-2021 school years. These waivers removed the requirements to:

- Calculate indicator scores and summative scores for the 2019-2020 and 2020-2021 school years;
- Measure progress toward long-term goals and measures of interim progress for accountability indicators for the 2019-2020 and 2020-2021 school years; and
- Identify schools for comprehensive and targeted support and improvement during the 2020-2021 and 2021-2022 school years (based on 2019-2020 and 2020-2021 data, respectively).

As a result of these waivers, any school that was identified for comprehensive or targeted support and improvement during the 2019-2020 school year will retain the same status for the 2021-2022 and 2022-2023 school years and continue to receive support and interventions from the NJDOE.

For the categories that are identified every three years, the last identification occurred in the 2018-2019 school year (based on 2017-2018 data) and the next identification was scheduled for the 2021-2022 school year (based on 2020-2021 data). As a result of these waivers, the next identification will be delayed until the 2022-2023 school year (based on 2021-2022 data) and all currently identified schools will be reviewed during the 2022-23 school year to determine their eligibility to exit status.

For the annual identification of schools for Targeted Support and Improvement: Consistently Underperforming Student Group, no schools will be identified during the 2020-2021 or 2021-2022 school year as a result of these waivers. The next identification is scheduled for the 2022-2023 school year.

The 2020-2021 Accountability Indicator Scores and Summative Ratings and Accountability Summary by Student Group tables will not be included in the report for 2020-2021 as these tables include indicator scores, summative scores, and progress toward long-term goals and those measures were waived under the March 2020 waiver.

**Report Key:**

- \* Data is not displayed in order to protect student privacy
- \*\* Accountability calculations require 20 or more students
- N No Data is available to display
- † This indicates a table specific note, see note below table

## Accountability

### ESSA Accountability Status

The table below provides the school's federal school status for the 2022-23 school year, the category (or reason) for identification, the year the school is eligible to exit status, and, if applicable, the student groups identified for support. For additional information, the [NJDOE ESSA Accountability webpage](#) includes a [list of all schools requiring comprehensive or targeted support and improvement](#) with the amount of School Improvement Aid (SIA) funds received and information on [exit criteria](#) for identified schools.

Status for 2022-23 School Year	Not in Status
Category of Identification	n/a
Year Eligible to Exit Status	n/a
Student Group Status: White	
Student Group Status: Hispanic	
Student Group Status: Black or African American	
Student Group Status: Asian, Pacific Islander, Native Hawaiian	
Student Group Status: American Indian or Alaska Native	
Student Group Status: Two or More Races	
Student Group Status: Economically Disadvantaged Students	
Student Group Status: Students with Disabilities	
Student Group Status: English Learners	

† This flag is used if a school is identified for Comprehensive Support and Improvement, but one or more student groups met criteria for Targeted Support and Improvement.

### ESSA Accountability Progress

The table below shows performance on each of New Jersey's ESSA accountability indicators for the last three years. ELA and Math Proficiency represent the percentage of students that met or exceeded expectations on statewide assessments (NJSLA or DLM). ELA and Math Growth represent the median student growth percentile. Four- and five-year graduation rates represent the adjusted cohort graduation rates. Progress toward English Language Proficiency shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Chronic absenteeism represents the percentage of students that were absent for 10% or more of the days enrolled during the school year.

**Important Note for 2020-21:** The NJDOE received federal waivers that waived certain assessment and accountability-related requirements for the 2019-20 and 2020-21 school years. As a result, proficiency, growth, and progress toward English language proficiency data is not available for 2019-20 or 2020-21 and chronic absenteeism data is not available for 2019-20.

ESSA Accountability Indicator	2018-19	2019-20	2020-21
ELA Proficiency	96.5%		
Math Proficiency	91.5%		
ELA Growth	70		
Math Growth	69		
4-Year Graduation Rate†			
5-Year Graduation Rate†			
Progress toward English Language Proficiency			
Chronic Absenteeism	*		2.0%

† This table shows the most recent graduation rate for reference, but accountability calculations for a given year use the prior year's graduation rate.

**Report Key:**

- \* Data is not displayed in order to protect student privacy
- \*\* Accountability calculations require 20 or more students
- N** No Data is available to display
- † This indicates a table specific note, see note below table

## Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

### Highlights:

- National Blue Ribbon School / US News & World ranked MTMS #3 in State 2021 / Stanford University Study Ranked MTMS one of top 10 performing schools in the country for past decade
- Over 60% of our students participate in rigorous band, orchestra, chorus, and or theater programs
- 15 interscholastic athletic teams , 4 different bands, 2 orchestras, 2 choruses, advanced art classes, spring musical in cooperation with town recreation.

### Mission, Vision, Theme:

Mendham Township, a caring, supportive and involved school community, provides all students with a comprehensive educational experience of the highest quality incorporating the New Jersey Student Learning Standards, in a nurturing environment serving as a foundation for life-long learning and responsible, productive lives. Our vision is to provide the best education for Every Student, Every Day

### Awards, Recognition, Accomplishments:

In 2021 MTMS was the ranked the #1 (non-magnet / non G&T) middle school in achievement in the entire state. Also in 2021, A Stafford University National Achievement Database study ranked MTMS in the top 10 in the entire United States of America. Our middle school is a National Blue Ribbon School and has earned the coveted NJDOE Reward School since the reward program's inception. Our students are consistently recognized for their achievements in academics, academic competitions, athletic championships, and for the highest level of music and art performance.

## Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

### Courses, Curriculum, Instruction:

Our instructional programs accentuate four core areas: mathematics, integrated language arts, science, and social studies. Authentic literacy skills are the foundation for all learning. Our programs aim to endow our students with a well-balanced educational experience necessary to meet their cognitive and affective needs. All of these instructional services, with the exception of sixth, seventh and eighth grade mathematics are provided within a heterogeneous classroom setting.

### Sports and Athletics:

Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Cheerleading (Boys & Girls), Cross Country (Boys & Girls), Field Hockey (Girls), Lacrosse (Boys & Girls), Soccer (Boys & Girls), Softball (Girls), Volleyball (Boys & Girls)

Due to COVID respotirctions, our athletic teams did not participate in county tournaments in 2021. The community deeply embraces the notion that the rich co-curricular and extra-curricular offerings foster a great sense of pride in MTMS and connects students to their school - ultimately, creating a learning environment conducive to every student meeting his/her greatest potential every day.

### Clubs and Activities:

MTMS activities enhance and expand educational opportunities for all students. Our school offers a series of activities, programs, and competitions designed to challenge our more capable students. There are also numerous clubs and activities open to all children. They include, but are not limited to, Global Awareness, Peer leaders, Student Council, Chorus, Band, Orchestra, Yearbook, Junk Box Wars, Coding/Gaming, Green Challenge, Quest, SITE, Gateways, Model Congress.

**Report Key:**

- \* Data is not displayed in order to protect student privacy

### **Before and After School Programs:**

Three days per week, MTMS offers an afterschool homework club, where students can work quietly under the supervision of a teacher. Before school, MTMS boasts zero period programming that includes band, orchestra, chorus, art, math, English, and writing courses. The district demonstrates commitment to zero period programming by providing busing for all zero period participants.

### **Staff and Professional Learning:**

Professional Development opportunities for teachers may take many forms, ranging from mentoring, induction, external study for advanced degrees, and ongoing collaboration between faculty and administration. All MTMS teachers participate in formal collegial visits to learn from each other and grow as professionals. In addition to daily grade level team and department meetings, teachers meet monthly in small groups to study scholarly articles in the field of education. Ninety-nine percent of the academic programming and interventions at MTMS are grassroots / homegrown programs, rather than canned programs.

### **Student Supports and Services:**

Special Education programs are provided through a combination of educational supports and related services. At each grade level, resource centers are available to eligible students in Reading/ Language Arts, and Mathematics. In-class support programs are also provided with content area teachers and special education teachers. The Child Study Team works diligently with parents and students to select appropriate services to benefit each student.

## Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

### Student Health and Wellness:

All MTMS students participate in three full trimesters of physical education and one of health - driven by the NJSLs. In 7th and 8th grades, students can continue to participate in traditional physical education classes or they may opt to participate in high intensity strength, speed, and agility training. Student support services are provided through Peer Leadership, LEAD, Advisory classes, academic lab, Homework Club, zero and tenth period supplemental classes, and guidance services.

### Parent and Community Involvement:

We are extremely fortunate to have the unyielding support and cooperation of our school community. We foster the concept that education is the cooperative effort of parents, students, and educators. The HSA and the MT Education Foundation are very active and valuable organizations that donate time, resources, and financial assistance to our school. The HSA sponsors parent advisory groups at all grade levels and members volunteer their time and assistance at school functions.

### Climate Surveys:

Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents. Mendham Township Schools conduct annual school climate surveys. These surveys are used to inform our programming in character development and supervision practices. The results are carefully reviewed by our school safety teams and character education committees for use in developing new programs for students to address concerns they may have.

### Facilities:

MTMS sits on a beautiful 22 acre campus located just west of Morristown. The building was erected in 1972. Eighth grade and fifth grade wings were built at later dates. The school has two beautiful gymnasiums and a full outdoor athletic facility with fields for cross-country, soccer, lacrosse, baseball, softball, and field hockey. The school also boasts a library, three music rooms, an auditorium, and two computer labs. All facilities are meticulously maintained. MTMS is fully air conditioned and an Energy Star School.

### School Safety:

MTMS utilizes cutting edge technology to control and monitor the flow of traffic in and around our facility. Continuous preparation for a multitude of emergency scenarios alongside our community's first responders serves to create a safe and secure environment. School safety drills are facilitated twice per month. Our Police department works vigilantly to secure our arrival and dismissal procedures and provides numerous daily walkthroughs of our building. Administration, staff, parents, and students identify school safety and security as a primary component of our school and district mission and vision.

### Technology and STEM:

MTMS students at every grade level participate in formal science units culminating in projects that facilitate understanding, exploration, and engagement in real world simulations intertwining science, technology, engineering, and math (STEM). Science and math teachers formally integrate the 5E model of instruction into 6 lessons throughout the year. Therefore, students construct knowledge and understanding through engagement, exploration, and cooperation. Most importantly, a large majority of the weekly STEM based science labs utilize the 5E constructivist methodology. To complement, our programs strive to ensure that students are highly proficient note-takers, are able to organize information from complex technical texts, and can communicate conclusions in a well-written paper or presentation.

### Other Information:

Our outstanding Middle School offers students a positive educational environment that includes a challenging academic program, a supportive environment, a professional staff and an involved community, all of which ensure our students a most rewarding educational experience of the highest quality. Mendham Township Middle School (MTMS) students, parents, teachers, staff, administration, and Board of Education are committed to ensuring that the school's mission, "Provide the Best Education for Every Student - Every Day!" drives everything they do! Aggressive academic programming and a clinical approach to instruction and interventions secure academic success for all. MTMS teachers play THE essential role in educating their students. They are highly qualified, highly skilled, and highly collaborative professionals whose success is measured not by their intense focus, sweat equity, or above and beyond efforts, but by the achievement and growth of their students - true ownership of student outcomes! MTMS teachers further recognize that their primary roles are to inspire students, empower self-sufficiency, develop learning partnerships, and implement systems of instruction that produce exceptional achievement for ALL students. With great pride, MTMS prepares students to successfully contribute to West Morris Mendham High School and many of the area's best private schools as well.
