

2019 SPRING REC SOCCER

WMSC spring soccer is now open to Pre K-8th Graders!

The program is designed to allow our recreation soccer players time to play in the spring. We know that kids in our community are involved in many other activities. This program was specifically designed to allow players to attend sessions as their schedules permit. WMSC offers the program three times a week and we understand that not every session will work for every player. You don't need to email us about conflicts, simply choose to participate on the days that work for your player.

This year we will run a Pre K Program on Saturdays only. We recommend this program for 4-year-olds or 5-year-olds who are new to soccer.
