 - Dr. Koroski – Child Study Team update and discussion

Mrs. Holquist – how do the figures compare from last year?

Dr. Koroski – as with everything else, there is an uptick this year.

Mr. Thayyar – how many students go out of district?

Dr. Koroski – 5 student go out of district – a few go to other public schools the rest attend private schools within the state.

Mr. Wowk – do these students ever seem to move out of the special ed programs or do they stay there?

Dr. Koroski – great questions – our push is to pull them up into the general education program and to declassify them eventually.

Mrs. Holquist – our push for this new program to help service those students in district is wonderful.

Dr. Koroski – this program will be wonderful for our district and other district. Similar to field of dreams, if we build it they will come. I know this program will attract some students.

Mr. Thayyar – do you follow up with our students that are in 10th or 11 grade to see how they are doing?

Dr. Koroski – we meet with the high school staff in April & May for the upcoming year of students that are moving forward and they tell us about the students that have transitioned to them, significantly positive feedback most times.

Mr. Christmann – opinion for you to pine on – over the years we have had several students that go out of district but talk to me about those that go out or can come back in?

Dr. Koroski – very important question – there is a balance of when and if we can meet those needs within the district and there is always a fiscal responsibility. We look within the county if possible if we can not provide for our students. Strong education for them and the social environment as well. I am a strong proponent of keeping our students here to provide them the best possible education.

Mrs. Mody – I had the same thought as Mr. Christmann – are those scores impressive with what we achieve within this district?

Dr. Koroski - Similar to Dr. Ciccone telling people on the phone that we are number one in the state, our scores are outstanding, the key is that our education is outstanding, both for the general and special education students. There is a definite sense of pride from our students. We do a very good job to make sure that every student gets what they need to be successful.

Mrs. Mody – do we get a large number of students that inquire to come into this program?

Dr. Koroski – between 15 to 25 per year, many looking into our program.

Dr. Mandel – how will the LLD program work in the day to day?

Dr. Koroski – this is a next step for our students leaving the ABA program – mixed grade level class – with a 9 period day – as appropriate they will be pushed into the special areas classes with assistance if needed. IE – music.

Dr. Mandel – does this require new staff?
Dr. Koroski – she is on the agenda tonight for approval.

Dr. Mandel – is the goal to ultimately declassify a student?

Dr. Koroski – it is tough to say how often it is done, they need to be re-evaluated to make sure they no longer have the disability and can meet the educational needs on their own. Evaluations last one year, so they can be adjusted annually.

Mrs. Holquist – as you think about going into next year, what are you most excited about and concerned?

Dr. Koroski – most excited about the co - teaching environment coming back – large investment but extremely beneficial to the students, allows us to see success. One item that may be stressful would be the unknowns, without a crystal ball, it is hard to plan for those that may show up – there are limits within the rooms for numbers and to plan accordingly it is difficult.

G. Holquist – talk to us about the SEL programing going into next school year – how does that fit with your team?

Dr. Koroski – all of our students have a homeroom group – they will all be a part of that. There has never been an exclusion for any of our students. They are always a part of it. Great success for the program looking ahead.

Mr. Thayyar – what are we not doing that we should be doing?

Dr. Koroski – that is another crystal ball questions – creating a program you really need at least three of your own students, the unknown costs of a new family moving in is hard but working with Dr. Constantino and Mrs. Mosner with BOE approval has been a wonderful resource.

Mr. Christmann – what you and your team are doing is great for the community, thank you.

Koroski – very proud to be part of this community.

XI. ACTION ITEMS

1. May 4, 2021 Public Hearing Meeting Minutes (Attachment)

BE IT RESOLVED that the Mendham Township Board of Education approves the May 4, 2021 Public Hearing Meeting Minutes.

Mr. Thayyar moved to approve the Action Item #1 for June 22, 2021, seconded by Mrs. Mody, and the motion was CARRIED in a roll call vote: Dr. Mandel; yes, Mrs. Mody; yes, Mr. Thayyar; yes, Mr. Wowk; yes, Mr. Christmann; yes, and Mrs. Holquist, yes – motions carry.

XII. Discussion

Mr. Wowk – I would like to revisit the discussion of making the meetings open to the public virtually. I do not understand the rationale?

Mrs. Holquist – my perspective is that we are trying to go back to pre-covid, if the public is interested they will show up and this move gets us there. In a few months, as a BOE we can revisit it. It is important that they come in and engage, we have proven that way has been effective.

Mr. Wowk – don't you think it has been more involved this past year?

Mrs. Holquist – there has been lots of attendance, which has included many staff.

Mr. Christmann – premature to have this conversation. I think as a BOE we need to get back to what we had. Lets get our feet underneath us as a BOE – push forward to pre-covid and then look at this later.

Mr. Wowk – I hear you, we are always looking to see how we can get better but since we are looking to do a 20 million dollar referendum, it would make more sense to involve the community virtually. No extra money or time is needed.

Mr. Thayyar – over the last year, overall, those that have participated have been those who always attended the meetings regardless.

Mr. Wowk – I want to be clear, that I am not asking to record the meetings just provide remote participation.

Mrs. Mody – I agree that Mrs. Holquist should revisit this in a few months.

Mrs. Holquist – yes, let us get back into the rhythm and the students back in with a routine, then we can revisit this discussion.

XIII. Verbal Communications from the Public - None

Dr. Constantino - closed public comment – 8:37 pm – thank you

XIV. Adjournment

Moved by Mr. Christmann second by Mr. Thayyar to adjourn the meeting. The meeting was adjourned at 8:38 pm.
