### **Speech Dr. Visits 8th Graders**

The HSA very generously brought the *Speech Doctor* public speaking program *back* to the middle school for the second time this school year; working specifically with our 8th graders this time.

Normally an annual 7th grade program, our current 8th graders missed this presentation last year due to Covid restrictions. Fortunately, this programming is just as relevant to 8th graders as they have several large, public speaking assignments in the coming weeks!

Thank you again to our HSA for their generous funding of this program for both our 7th AND 8th graders this school year! Public speaking will be a big part of these upcoming assignments:

- All sections of G7 are working on their research paper that explores historical references in *Out of the Dust*.
- All sections of G8 are working on their research paper that explores *Uglies* either being used as a commentary on beauty standards or as a piece of dystopian literature.

### **8th Graders Complete High School Counselor Scheduling Meetings**

On March 8, 9 and 10 our MTMS 8th graders and their parents participated in their West Morris Mendham Fall 2022 scheduling meetings. The MTMS Media Center was closed so that our 8th graders could work with the high school counselors and their parents in choosing classes for next Fall, based on the recommendations provided by our 8th grade staff.

As a part of our 2021-22 Self-reliance Building Objective, our 8th graders were given their appointment times and directed to put them into their chromebook calendars as a reminder to excuse themselves from class and be on time for their meeting. All but two showed up without a reminder from the office. Well done 8th grade, and best of luck next year at the high school!

The matters discussed will be made public if and when confidentiality is no longer required and action pursuant to said discussion shall take place only at a public meeting.

Moved by Mr. Keeling, seconded by Mr. Dumovic to move to Closed Executive Session. The Board adjourned to Closed Executive Session at 8:52 pm.

#### **XI. Reconvene Open Regular Session Meeting**

Moved by Mr. Keeling, seconded by Mr. Dumovic, to reconvene to the Regular Session Meeting at 9:02 p.m., unanimously carried in a voice vote.

#### **XII. Discussion**

Mr. Dumovic asked about the Capital Reserve amount of \$200,000. Only \$100,000 into Debt Service and \$100,000 into Maintenance Reserve?

Mrs. Mosner responded that \$100,000 was being moved from the Capital Reserve account into Debt Service to help pay down the debt and even out the amount with the old 2010 bond rolling off and the new 2022 starting up and the Maintenance Reserve funding is going into the maintenance account to offset the budget funding that was needed to balance the budget.

Mr. Keeling commended the Operations & Finance committee for all of their hard work. Moving forward it may help to look at opportunities to find more efficiencies with enhanced services especially with shared services in surrounding districts.

Dr. Costantino responded that as administrators both Mrs. Mosner and I have monthly meetings with all of the county Superintendent and School Business Administrators to discuss opportunities to leverage each other.

Mr. Dubeck asked out of the 1.45% increase what was needed to meet the fixed costs. Outstanding job to keep increase under the fixed increases.

Dr. Constantino responded that the fixed costs were much higher than this, we just worked very hard to utilize revenues and provide a fiscally sound budget.

Mr. Dumovic I am supportive of the Proposed Budget:

A. The budget allows us to continue to provide outstanding learning environments for our students, and to continue to support their social/emotional health and well-being. The budget ensures our programs are maintained, and also allows us to continue to help drive student achievement and provide the best education for every student, every day.

B. I applaud the District Administration and Ops & Finance Committee. You have worked hard so we can support our educational priorities. This budget allows us to deliver a comprehensive educational experience of the highest quality, in a fiscally responsible manner at a price our community can afford. You looked for potential savings from the initial budget proposals and cost reductions were made during the budget review process. And we also see a big increase in anticipated revenues, with a significant increase in State Aid, and a significant increase in other anticipated revenues from local sources most notably Transportation and Pre-School Tuition. And lastly there is also a significant increase in the Budgeted Fund Balance.

C. The net result is a proposed Tax Levy increase for the next school year of +\$246K or +1.45% versus this year. Last year, the Tax Levy increase was +\$332K or +2% versus the prior year. I think it is important to remember what our board said in 2020, when we utilized banked cap to increase the Tax Levy well beyond the allowable 2%, where the increase was +\$1.1Million or +7.3% versus the prior year. We said, at that time, we were raising taxes significantly to not just maintain school programming but also to allow lower tax levy increases, of 2% or lower over the next few years. And as a board that's what we've done - last year and that is what's proposed in this budget for next year!

### **XIII. Verbal Communications from the Public**

Mr. Litkoff – I have spent a few years on the town finance committee. Mendham Township is caught in the bubble within a community of 5,900 people – 2,200 households. This is a great school district that makes us stand out. My goal is to listen to you, provide efficiency or become #1 in the Country. Realistically and rational goals should be set and there is always room for improvement. Thank you.

Mrs. Holquist – Thank you for coming, looking forward to seeing you in the future. It is important to use facts that align with the budget. We have two Blue Ribbon schools and a line of sight to academic excellence. Any ideas for efficiencies are always welcomed and we are excited for the potential.

Dr. Constantino – better for less is very exciting and collaboration to make things better is a great option.

Mr. Dubeck – we need to remember that a company has time to make money not a school district.

PUBLIC COMMENT CLOSED AT 8:52 PM
