

DIANE BARLOW

Welcome to Mrs. Barlow's "All-Star" Page! My name is Diane Barlow and 2024-2025 will be my 31st year that I have been working at Mendham Township Elementary School as a 4th grade teacher.

I am a very involved and active staff member at MTES as I volunteer my time on multiple committees, one being the Science Expo. I feel that Mendham has given me such a fulfilling and enriching experience over the course of my career, that I want to give back what I can to the school system. I am very lucky to be working with such wonderful and supportive families as well as staff members. The sense of community that has been established at MTES, along with the amazing children, are just some of the many reasons I love coming to work each and every day!

I earned my masters' degree from Centenary University. My masters' program focused on educating me on the many ways to best meet the needs of the students in today's 21st century classroom using best practices. Meeting the children's needs is very important to me as an educator. I'm looking forward to an amazing year ahead!
