

Hello Mendham Twp. Elementary School! My name is Michelle Molle and I will be working at MTES as the new part-time school counselor alongside Mrs. Hillary Clark.

I am a licensed Clinical Social Worker and registered Play Therapist. I have 25 years of experience working with children and families and additional experience working with families and children needing support in the areas of Autism, anxiety, behavioral struggles, and learning disabilities. Most recently I worked in a private special education school where I spent the past 14 years helping children in the school environment. In addition, I also work in private practice in Livingston and have been nominated by my clients as a New Jersey's Favorite Kids' Docs from New Jersey Family for 2021 and 2022.

I am a proud mother of four children and enjoying my parenthood journey with all the joys and challenges too!

I am excited to join Mendham Township Elementary School as the new part-time School Counselor and look forward to meeting the children and school community.
